

ECHOFUZZ

Echofuzz is straight ahead Rock N Roll! The five-piece band from Phoenix, Arizona has a wide variety of influences that come through in their music. From the guitar driven arrangements with hard hitting, groove laden rhythms and powerful, yet soulful vocals, you'll find hints of classic, 80's, 90's and modern rock.

The band writes original rock music with a distinct human element that gives their songs a certain feeling and emotion that draws the listener in and reminds them of what they love about rock music and gets them excited about where it's going.

To the rock n roll fan, there's no sweeter sound than a powerful voice riding the wave of thunderous drums and a Les Paul screaming through a Marshall stack.

That's what you get with Echofuzz!
